

IJITS Submission and Processing

IJITS is an international peer-reviewed journal published in English. The journal policy is to publish articles that present research with novelty and author's contribution in the field of information technology, information security and security policy with a clearly defined relevance to the scope of IJITS.

Authors are encouraged to submit high quality, original works (theoretical and application-based studies) that have not been published or accepted for publishing by other journals. Extended versions of articles presented during conferences could also be submitted, but after serious revision and renewing of no less than 50% compared to the previously published material. Submitted articles are checked for similarity.

All information is available at the IJITS website.

Before submission it is necessary to visit the sections "Submission+" from IJITS-website.
